THE ADVANTAGES

CEMENT ROOFING POSSESSES OVER TIN, IRON AND STEEL ROOFING IT CANNOT RUST

Gases, fumes, moisture, coal soot and smoke cannot injure or affect CEMENT ROOFING. It is better adapted for application over uneven surfaces, such as old shingles or metal roofs, obviating the expense of removing the same. It will not rattle from wind and storm, nor create any noise from rain falling upon it. The materials used in cement roofing are the best non-conductors of heat and cold known; therefore it will keep the building warmer in winter and cooler in summer than a metal roof. Samples and full particulars mailed on request.

AFTER THEATER DINNER.

The success of the after-theater parties given at the Young Hotel Cafe recently, lead Mr. Lake to continue that feature while the Travesty Stars are in the city. A number of tables have already been engaged and there will no doubt be a considerable party at the Young after the show tonight. Guests heretofore have remarked that these after-theater dinners served at the Young Cafe constitute the most enjoyable part of the evening. Tables and seats may be reserved by telephone.

BASEBALL LEAGUE.

At the meeting of the Baseball League yesterday it was decided to offer rewards for lost balls. Each ball returned will secure for the finder 25 cents and a ticket of admission. The trustees have had many complaints about the non-observance of the smoking rules. These will be rigidly enforced hereafter. Drawings for practice nights next week resulted as follows: Monday, Elks; Tuesday, Malles; Wednesday, H. A. C.'s; Thursday, Kamehamehas; Friday, Punahoa.

GAY OWNS LANAI.

Fredk. H. Hayselden, administrator and trustee under the will of Walter Murray Gibson, deceased, conveys to Charles Gay all right, title and interest in all remaining unsold property and effects of the Maunaloa plantation quarters on Lanai. Consideration named is \$2,000. With possibly some minor exceptions, Mr. Gay now practically owns the island.

Steam was turned into the cylinders of the big Allis-Chalmers engine at the World's Fair for the first time a few days ago and the largest steam engine in the world was set in motion. Its speed is 75 revolutions a minute and its generating force 5000 horse power.

Elks' Day at the World's Fair will be July 26.

STORY OF THE WAR

"The Russo-Japanese War Fully Illustrated" is the title of a very attractive volume being issued by the Kinokado Company of Tokyo. The first number, which has been distributed by A. K. Ozawa, deals with the incidents prior to the war, gives the diplomatic correspondence between Russia and Japan and the detail of land and naval engagements up to April 13th. It is the purpose to issue a number every forty-five days, keeping step with the progress of the war.

The first number gives a resume of Japanese history and the career of the present imperial family. The story of how Russia came into Manchuria is told, followed by official documents regarding the diplomatic relations between Japan and Russia. Then comes an article on the relative strength of the nations and the incidents of the war, interspersed with anecdotes showing the loyalty and fighting capacity of the Japanese.

The volume is illustrated profusely with half-tone pictures of war scenes and the leaders in the war, also chromolithographs in colors. The book is obviously intended to tell Japan's side of the war story but is nevertheless of great value to any person who desires a brief and well-prepared story of what the war is about and how it is progressing. The local agency for the book will be placed with the Hawaiian News Company.

Danderine GREW THIS HAIR

And we can PROVE IT.

If you want your hair to grow THICK and LONG

DANDERINE is the remedy you will be obliged to use. We have a standing offer to wager \$1,000 that it is the only

HAIR TONIC on the market today that will positively stop and cure falling hair and make

HAIR GROW Average growth 1 1/4 in. per month for twenty consecutive months.

By permission we herewith reproduce photograph of Miss Sarah MacComb, a lady who has lived in Chicago all her life and is well known in the city, especially on the South Side. Her hair before she commenced the use of Danderine would not reach below her waist, while now it touches the floor when she stands erect. This remarkable growth is the result of using Danderine, the grandest of all hair and scalp tonics, regularly as a dressing.

It Gave Her Hair New Life and will do the same for you if you give it a fair trial. Danderine puts new life and vigor in both the hair and scalp. It makes the hair fluffy, silky, and there seems to be no limit to the growth it will produce. There is no other that can be compared to it, as it is founded on new ideas altogether.

SHE IS WILLING TO SWEAR TO IT.

By request of Miss MacComb we reproduce the following letters:

DEAR SIR:—I am having so many inquiries regarding the ad. that you are now running showing my picture, that I am sending you this letter for the benefit of the public that you may reproduce it, and I will state under oath if you so desire that I used Danderine for twenty consecutive months and the average growth of my hair was one and one-fourth inches per month, making a total of twenty and one-fourth inches in twenty months. You are at liberty to use this letter under oath, and by so doing will save me the trouble of answering the large number of inquiries which I am receiving daily. Sincerely,
SARAH MACCOMB.
Chicago, Feb. 8, 1904.
